Special Lunch deals….  

All volunteers will receive a free $5 lunch and so will each of their children on the days you work to thank you for your valuable time.

Due to the valuable role the canteen plays in fundraising, on the weeks where the canteen is unable to be opened due to re-stocking, carnivals etc., we will try to recoup lost of funds on those days by holding other special canteen events on the other days that week.

**COMMUNITY**

**Jindera Community Markets**

**Sunday 12 April 2015**

Offering a little something for everyone the Jindera Country Markets are a great way to spend a lazy Sunday. Browse the stalls and enjoy local crafts, clothing, produce and food stalls.

Where: Jindera Sportsground

Contact: Dee 0439 555 520

**Jindera Community Garage Sale**

**Sunday 19 April 2015**

The township of Jindera will come alive as the town hosts the annual Community Garage Sale. There is sure to be something for everyone to find with bargains and treasures galore as over 80 Jindera homes open their garage doors. A huge number of bargains all in the one place.

Where: Maps at Jindera School of Arts Hall

Contact: Greg Mason 0400 257 000

**GIRLS BASKETBALL**

10 to 11 year old girls are invited to play indoor basketball in Albury on Thursday afternoons. Car pooling available from Jindera.

For further information please call Kerry on 0412 033 051

**NEWSLETTER**

**JINDERA PUBLIC SCHOOL**

**Term 1 Week 10**

Dear Parents,

This is the last newsletter for what has been a busy, productive and ultimately quite eventful term one.

As you would be aware, due to a growth in enrolments in the primary classes, we have made the difficult decision to restructure our classes and redistribute our numbers more evenly across all 8 classes. This decision has not been made lightly and was done under consultation with representatives from the school P&C committee. The restructured classes will take effect from Tuesday 21st April when children return to school for term two. Parents would now be aware if the class restructure affects their child and, as always, the offer exists to contact the school should you wish to discuss these.

The P&C today conducted another successful Easter raffle. The draw was conducted after lunch with around 40 prizes being won. A huge thanks to the tirelessly volunteers from our P&C who so willingly give their time to make events such as the Easter raffle a success.

Congratulations to our most recent star card winners this term. Thomas Brooksby, Jessica Fuendid, Jessica Holmes, Isabella Mason, Will Walsh, Tyler Jones and Milie Raymond.

**Staff Development Day**

Monday 20th April is a staff development day and as such children are not required to attend on that day. School will recommence for all grades on Tuesday 21st April. Parents/Carers are invited to attend a session on the “How 2 Learn” initiative that is being embedded in our school culture.

Additional information was sent home today. The session commences on Monday 20th April from 8.30—9.30am in the school hall. Please note this is a parents/carers session only and is not suitable for students.

**ANZAC Day Saturday 25 April**

ANZAC Day falls on the first Saturday in Term two and we would like to encourage as many children as possible to attend the ceremony which will commence at 10.30am. We would like to assemble as a school group at 10.15am at the Jindera War Memorial.

Children planning to attend and represent the school should be dressed in full school uniform and will be seated on tarp at the front of the seating area. This year, we will combine with both St John’s and St Mary McKillop schools to mark the 100 year commemoration of the landing at Gallipoli. This occasion is an important one in our school calendar and we would like to encourage as many children as possible to attend. The school leaders will lay a wreath on behalf of the school.

Please note that there is no public holiday Monday 27th April.

**Canberra Excursion**

Children in Years 5 and 6 recently received an information and deposit note for the Canberra excursion which will take place from August 17 to 19. The total cost of the excursion is $280. This cost has been reduced significantly due to the generous subsidy received from the P&C. To enable us to finalise numbers, it would be greatly appreciated if the expression of interest and $50 deposit could be returned to school by this Thursday April 2.

**Howman’s Gap Excursion**

The final preparations are well and truly underway for our Year 3 and 4 Howman’s Gap excursion which takes place next term from May 20 to 22. If you have not already returned the expression of interest note and deposit of $50 please do so as soon as possible. The remaining $140 needs to be paid prior to May 15. Medical forms and permission notes will go home early next term.

**University of New South Wales Competitions**

Children from years 3 to 6 recently received a note outlining the opportunity to participate in the University of New South Wales Competitions. On this note were several closing dates for entry into the various competitions. I would like to encourage you to discuss this opportunity with your child/ren and if interested, please return the reply slip with payment prior to the closing date. Please note that different competitions have different closing dates. The digital technology competition note and money must be returned by April 2.

I would like to wish everyone a safe, happy and family filled Easter and look forward to the start of Term 2. We will experience some changes next term but we remain confident that the disruption will be short lived as we go about the business of working with you to ensure that all children are provided with opportunities to grow and develop.

Science & technology in 5/6K

Science and Technology are linked through problem solving, by the skills and processes of scientific inquiry and technological design. Science often draws on tools and processes developed by technology, and technology uses concepts, principles and processes developed by science.

From BOS NSW Syllabus for the Australian curriculum in Science K–10

Observations: The fake lava didn’t work very well but we tried water and it worked better.

Results: We found out how a real volcano will destroy everything in its path.

Brock Finemore

Designing

My Disaster Proof Home.

This house is designed for Cyclones and Floods.

Thank you to the local and community business who have generously sponsored our new PSSA netball uniforms. The girls are very thankful and will be excited to wear the new uniforms and lift the image of the school.

Together, we can make a difference.
